nSpect® Intelligent Technology and Process Assessment

An Overview of HaystackID's Enterprise Mananged Solutions nSpect Program

HAYSTACK™

nSpect® Intelligent Technology and Process Assessment Program

Gain immediate confidence with nSpect Intelligent Technology and Process Assessment. This unique advisory program is designed to ensure your organization has a solid foundation for maximizing your technology investment both in the cloud and behind the firewall. We objectively identify and optimize processes, technology, and resources to fulfill your discovery obligations to identify, preserve, collect, process, review, and produce electronic data.

HaystackID's nSpect is designed to ensure your organization has a solid foundation for maximizing your technology investment both in the cloud and behind the firewall.

Through interviews and system examination, the assigned nSpect expert(s) will quickly identify problem areas and recommend solutions to fit your ongoing needs and budgetary constraints. The assessment results are formalized into an unbiased written report that seeks to identify any risks and inefficiencies in the use of technology and workflows to ensure a repeatable and defensible process. nSpect Assessment features include:

- System Deployment

- Staff Knowledge

- Workflow

- Internal Procedures and Documentation
